Sir:

**INTERVIEW SUMMARY STATEMENT**

The Applicants' undersigned attorney has reviewed the Examiner's Interview Summary forwarded on October 27, 2008 (regarding the telephonic interview of October 23, 2008). We agree that an interview was held to discuss the Knoll reference, the applicant's claimed "leakage current," and various claims in an effort to move this case to allowance. In line with the Examiner's requests, applicant is submitting a Rule 132 Declaration and amended claims to overcome all issues and further define the claimed invention from anything disclosed or suggested in the prior art.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
